

*Would like to
cordially invite*

*you to a
Continuing Education Seminar*

**TOPIC: The Return Home: An Integrated Approach
to Discharge Planning for the Elderly**

This course is a fun, interactive session that covers social work and other resources in the community providing the patient/caregiver useful guidance upon the return to home. The second focus of this session is on the needs of the elderly person and how their disabilities affect the transition to home. What is it like to lose one's senses, balance, and peace of mind? You'll find out when you experience an aging simulation.

PRESENTED BY: Laurie Loughney, BS in Psychology, LHNA, CALA, CSW
